

Homework 2nd grade

Teacher: Dionel David Arnaldi

Date: 3rd July

Read the text about wolves from Pupil's book and answer the questions in sentences.

Wolves

Wolves can be grey, black, white or brown. There are wolves in sixty countries. There are wolves in Ukraine, India and China. There aren't any wolves in Australia.

Wolves are big. Lots of wolves are a hundred centimetres (cm) long. They've got a long tail. Some are fifty cm long. They've got forty-two teeth. A wolf can run at sixty-five kilometres per hour (kph)!

A wolf family is called a 'pack'. There are four to nine wolves in a pack. Wolves eat birds and fish.

Look! These are baby wolves. They're called 'cubs'. This mother's got four cubs.

- a) Are there any wolves in Ukraine? _____
- b) Are there any wolves in Australia? _____
- c) What colours can the wolves be? _____
- d) What is the name of a wolf family? _____
- e) How many teeth do they have?? _____
